Subject.

Cremations and burials near the Gutchi
Mutt at the foot of the Charundy Hill at Mysore.

*Letter No 167 $\frac{1}{2}$ of 27th February 1903
5th March
from the President of the City Municipal
Commission, Mysore.*

Note.

Under date the 20th October 1902 one Bassappa
Devaroo of Gutchi Matha addressed a petition to
His Highness the Maharaja complaining that a
cremation and burial ground had been opened for
the City against Mamool very near the Matha, there-
by putting the inmates of the Matha to great in-
convenience, and praying that either the City
might be provided with a new cremation ground
elsewhere or the Matha might be taken up by the
Municipality or the Palace and a new Matha built
somewhere near the City.

2. This and similar subsequent petitions
were forwarded to the President for report with
records bearing on the subject.

3. The President reports that the present Hindu
cremation ground is ^{at} a distance of a furlong from
the Matha, that the cremation ground was formed
about 10 years ago when the Mutt authorities did
not object to it and that the Mutt buildings

is in ruins and seems likely to have ever been tenanted for the past several years , and adds that after personal inspection of the locality Mr. Ramanuja Iyengar , the then President , gave the petitioner an endorsement rejecting his petition .

4 The Amildar's report in the vernacular papers shows that survey Nos 132 , 116 and 151 which are ~~adjacent~~ adjacent to the Mutt Inam lands Nos 138 and 135 were acquired by the Municipality on payment of compensation to the owners for burial ^{and burning} grounds in 1893-94 and 1899-900 respectively and the assessment on the former 2 Nos was ~~written off~~ written off the accounts and that survey No 136 ~~also~~ which is an assessed waste (area 1 acre assessment annas 12) was ^{also} acquired for a burial ground in 1893-94 though the alienation of this and survey No 151 has not been sanctioned as yet

5 In order to find out as to when the lands were actually acquired , these papers may be forwarded to the Deputy Commissioner with a request that he will cite the Nos. and dates of the orders of Government sanctioning the alienation of all the lands referred to and submit a rough sketch showing the position of these lands with reference to the Mutt and the No. of burials on each . The latter information will perhaps enable the Government to see whether these should continue as burial and burning grounds or whether some other site could be selected for the purpose. in the interests of the Mutt.

16. One Kantaraje was ⁶slated after personal inspection of the locality that the Mutt was established in the year 1530 of the Kalivahana Sakha but from the same dated the 21st February 1928 it will be seen that the present survey nos. 133 and 135 measuring in all 19 acres and 8 guntas were in the possession of the mutt from the beginning of that the whole blocks comprises 6 survey numbers 133, 135, 136, 151, 132, & 116 of which 133 & 135 belong to the mutt, 136 & 151 form cremation ground and nos. 132 & 116 form burial ground. He says that the mutt has thus become surrounded by cremation and burial ground, and that the petitioner's grievance being thus deserves consideration. He accordingly proposes to take up the land and the mutt building standing thereon and to compensate the petitioner therefor. As the land being taken, he says the petitioner

the President was requested to

23. The matter was discussed by
the Municipal Board on the
8th Decr 1904 and the following
resolution was recorded.

"Resolved that it is necessary
to acquire the said mutt and its
premises to be added on to the
grave yard there, that compensation
therefor be paid as per rates adopted
for the adjoining lands and buildings, that
the Government be requested to pay

24. The President states that
the land near the Gatchi Mutt
which is now being used as a
grave yard was acquired out
of Plaque funds in 1899 and
requests that the compensation
for the acquisition of the
Mutt in question and the land
adjoining it amounting to
about Rs 8,903/- may be ordered
to be paid out of the above
funds as resolved by the Board

25. The land proposed to be
given to the Mutt in exchange
is said to be close to and near
Sivachar Mutt in the Devalige
Badi inhabited by Lingyats. The
President states that, as the
Gatchi Mutt is a charitable
institution endowed by H.H. the
late Maharaja Krishnaraja Wode
Bahadur, the money compen.

to be paid will be held in deposit and paid according to the progress shewn in the construction of the new mutt.

26. Out of the Grant of Rs 1,00,000 for the current year in the Plague Budget the expenditure to the end of January 1904 was about Rs 67,792 and the balance available is Rs 32,208. The L. B. P. M. that provision was not made for the same in last Budget
 Submitted for orders.

17th Oct.
 1904 27 Survey No 151 was acquired for a crematorium under exceptional circumstances from Plague funds. This being so, it is not understood how the President expects plague funds being allotted for the purpose of acquiring the land by the side of the maddur building & the maddur itself on the grounds urged by the managers of the maddur.

28. The matter may perhaps if approved, be referred to the Board of Trustees for the improvement of the Mysore city, for an expression of their opinion.

The petitioner begs to state the following
for your favourable consideration: —

I beg to remind your Honour that
I humbly submitted an application to the office of
His Highness the Akbar Raja and also of the Private
Secretary on the 20th October 1902, to the effect that the
burial ground newly formed in and northern and eastern
side of our muth which is Gait'm amool should be
removed to some other distant place, on the ground ^{that} the
one now existing being very near to our muth would
cause us every sort of inconvenience for us to reside
there by the evil resulting by burning and burying
the dead bodies there. I beg to inform you with the heavy
heart that I had to lose 5 precious lives there and
I am now very much compelled to leave my residence
elsewhere instead of staying and receiving guests from
time to time and in fact to be always in the house

Of your Highness' prosperity and long life

I beg to bring to your kind notice, sir, that many a time, I submitted applications after applications to the same effect to the Vice President and the President of the city municipality and even to the Governor, but I found that my effort was not crowned with success. I have also attached the copies of the endorsements received by the officers to my previous application. The Gutchi muth is well-known in the empire history and its field is now being planted by burying the dead bodies

Under these circumstances, I most humbly beseech you to go through my previous application and inspect the place in question, and if your honour finds my statement to be true, then an order may at once be passed either to stop burying ^{the} dead bodies in and near our muth, or to take out muth ^{and the field} to the fort, or allow us to have a good compensation or at least favour me with an equal property elsewhere,

For which act of kindness I shall be highly grateful to you

I beg to remain

your most devoted and humble servant

2735-1901
for report a petition from Basappa @avarn of
Gachchi mutt in the Mysore City complaining
of the existence of the Hindu Cremation Ground
close to the mutt and subsequent reminders, I
have the honour to state that the present Hindu
cremation ground is about a furlong as the crow
flies from the mutt. The cremation ground
was formed about 10 years ago and the mutt
authorities at that time did not object to it.

dated 23rd October 1903,

To.

H. V. Nanjundayyah. Esquire M.A., M.L.A.,

Secretary to

The Government of Mysore,

Revenue and General Departments,

Sir,

With reference to your despatch CP. 1043 of the
d. 735-91

1st September 1903, calling for my opinion in the matter of complaint preferred by Prasappa Devanna of the Gutchi Mutt at the foot of the Chamundi Hill at Mysore, I have the honor to state as follows: -

2. It was in the year 1530 of the Salivahanasaka that Gutchi Mutt was established, and from the copy of the Samant dated 21st February 1828, it may be seen that the present Survey CP. 133 and 135 measuring in all 17 acres and 8 guntas of land were in the possession of the Mutt from the very beginning. The block marked A, B, C and D in the enclosed tracing, comprises of six Survey CP. 135, 133, 136, 151, 132, and 116. In the year 1893-94, when the present road to Chamundi Hill running over the land of Gutchi Mutt tank, where the cremation and burial grounds formerly existed, was formed, Survey CP. 132 and 116 and Survey CP. 136 were acquired for burial ground and cremation ground respectively.

Yours

47

In the year 1899, Survey No. 151 was also added to the
Cotton. Thus of the six numbers noted above, 135 and 133
belong to the Muth, 136 and 151 form Cremation ground,
and Nos 132 and 116 ^{form} the burial ground. As the
Muth and its lands have thus become surrounded by
the Cremation and burial grounds, the petitioner com-
plains of the inconvenience, the place was inspected
by me some months ago and again recently in com-
-pany with the Second Councillor during the secessah
holidays.

The petitioner's grievance being true deserves con-
-sideration, I would therefore propose that the lands
as well as the Muth building standing thereupon may
be taken up by Government and the Petitioner be
compensated therefor. The lands being swam, the
petitioner is not entitled to any money compensation.
If my proposal be approved by Government, I
shall take further action in the matter.

I have the honor to be,

Sir,

Your most-obedient servant,

President,

Local Fund Board,

My Sore District
